

4<sup>th</sup> November 2022

Hitachi Ltd.,

Hitachi Origin Park

## Launch of "Virtual Tour" on the Website

Hitachi Origin Park is celebrating its 1<sup>st</sup> anniversary in November 2022.

We have been welcoming over 19,000 visitors since the opening in 2021, and are fortunate to share Hitachi's Founding Spirits, Corporation Philosophy, and the history of our contribution to society widely with our stakeholders.

In this anniversary period, we are pleased to announce the launch of "Virtual Tour" of Odaira Memorial Museum on the website. It will enable everyone, even in the distance, to see the exhibit and contents at Odaira Memorial Museum and Sogyo Goya (Foundation Hut) online.

On the Virtual exhibit, visitors have access to the exhibit hall and enjoy the view/exhibit which were shot 360 degrees by using 4K3D camera. In addition to those displayed items, visitors can also enjoy the movie contents just like in the actual museum. We will keep update and enrich the contents continuously.

Thank you very much.
